

Mistral bags STPI Karnataka IT Exports Award 2012

Award recognizes Mistral's significant contribution to Software Exports

Bangalore, 19 October 2012 - Mistral Solutions Pvt. Ltd., a leading technology design and systems engineering company, was awarded the prestigious STPI Karnataka IT Exports Award for the year 2011-2012 under the category "Highest Growth- Electronic Hardware Exporter" in the SME category.

The award was presented to the Mistral team consisting of Srinivas Panapakam, GM-Sales (PES) and Selvaraj K, GM-Product Development (PES) at the STPI-IT Excellence Awards function organized at the Bangalore IT.Biz 2012 event on 18th October 2012 in Bangalore. The Award recognizes Mistral's significant contribution to Software Exports from STPI Member Units of Karnataka.

The STPI Karnataka IT Export Awards is an annual awards event organized by STPI, Government of India, & Department of IT and Government of Karnataka to recognize top performance IT and ITeS companies for their major contribution to exports for the state. Karnataka has contributed 33% to the total software exports from the country for the year 2011-2012 with Software Exports from STPI Member Units of Karnataka touching Rs.82000 Crs.

"We are honored and thrilled to win this prestigious award from STPI. Our successful tie-ups with leading silicon companies and the strong eco-system we have built have been instrumental in helping Mistral reach this position and be the recipient of this award. This award adds credence to our quest to be among the top embedded solutions company in the world." said Sanjay Virnave, CEO, Mistral Solutions.

"Our development platforms have helped us deliver designs and solutions to product developers globally. These popular development platforms have been adapted and customized successfully by leading product companies across the globe to create award winning, cutting-edge products" he added.
